Recommendation for Jesse Hart

It is my pleasure to write this letter of recommendation for Jesse Hart. Jesse is a positive young man with an enormous amount of potential. He is involved in many school activities and he is an influential student leader. He is witty and kind, with a strong sense of loyalty.

Jesse worked in the front office of Hidden Valley High School. He was constantly running errands, answering phones, and helping with projects that were funneled through the office. He processed information and was exposed to confidential issues. Jesse performed this delicate job with the professionalism of some of our adult employees. He completed every task in an efficient and organized manner.

Jesse is involved in our student government class and holds the position of Hidden Valley High School Ambassador. The class organizes most of the student activities in our school. Jesse is very involved in helping with the activities and is a positive role model for our student body.

I personally appreciate Jesse's sense of humor and willingness to help. He has a mature manner and is truly a pleasure to work with. I recommend him highly for any endeavor he wishes to pursue.

Sincerely,

Michelle Sesock, Hidden Valley Assistant Principal.
